

Language Work: Passive Voice III

1. Choose the correct form of the verb to complete the text.

Up until now, the Global Positioning System (GPS) that most of us use on our phones and in our cars ¹ **has been provided/ will be provided** by US or Russian satellites in space. Currently, a new GPS system called Galileo ² **was developed / is being developed** by the European Space Agency (ESA). Thirty satellites ³ **are being placed / are been placed** thousands of kilometers above the Earth, and control centers ⁴ **have been built / will be built** at two locations in Europe. Once it is completed, it is believed that more accurate GPS information ⁵ **was provided/ will be provided** by Galileo. Unlike the US and Russian GPS systems, Galileo ⁶ **will not be managed / was not managed** by the government.
