Task: prepare and present a personal elevator pitch

An elevator pitch “is a brief synopsis of who you are and what you do (or are trying to do). It’s named so because of the idea that you’re in an elevator with the one person who can make your career dreams come true. You’ve got the length of that elevator ride (approximately 30 seconds) to convince that person to keep listening to you.” (<https://careerservices.fas.harvard.edu/blog/2022/09/07/how-to-give-a-great-elevator-pitch-with-examples/>)
